Association of Embryo Technology in Europe

33rd Scientific Meeting, Bath - UK

## Workshop II: Selection and treatment of animals for embryo production

10th of September 2017 16.00 – 17.30

Managed by **Erik Mullaart** (The Netherlands)

The workshop will summarize the results of a questionnaire, supplemented with several short presentations by participants based on highlights of the questionnaire.

	Topics
<b>Gavin Tait</b> (UK)	Practical issues with OPU at farm
<b>Marja Mikkola</b> (Finland))	Donor selection breeding company vs. farmer
<b>Serge Lacaze</b> (France)	Selection of animals using AMH
<b>Søren Ernst Madsen</b> (Denmark)	What if an animal does not give enough embryos?
<b>Andreas Kuwer</b> (Germany)	Results of pre-treatment with FSH
<b>Bertrand Moulin</b> (France)	Adapting the feeding before OPU-IVP

General Discussion
